

# RANDOMIZED COFFEE TRIALS

INTERESTED IN CONNECTING WITH  
OTHERS IN THE AUGUSTA UNIVERSITY  
COMMUNITY?

---

Randomized Coffee Trials allow individuals from across the institution to meet others from different backgrounds, disciplines, and specialties and learn from one another.

The trials will allow individuals to network and discover that differences often help solve problems.

The program is for the Augusta University community

## HOW DOES IT WORK?

1. Sign up at [augusta.edu/rct](http://augusta.edu/rct)

You'll be assigned a partner and potential location, and coffee will be provided on the house!

## THE FIRST AUGUSTA UNIVERSITY TRIAL

---

### MEET DR. BRYAN

"Meeting a colleague from another campus and a different area of expertise highlighted how similar our challenges are that we face on a daily basis."

### MEET DR. RAWSON

"Collaborating with a colleague focused on education research was so enlightening as my passion for innovative teaching motivates what we do for our medical students and residents."

Connect today with your own trial by  
visiting [augusta.edu/rct](http://augusta.edu/rct).
